

HYPERLEDGER

BLOCKCHAIN TECHNOLOGIES FOR BUSINESS

Advancing business blockchain adoption through global open source collaboration

Hyperledger is an open source communities focused on developing a suite of stable frameworks, components, tools and libraries free to use in enterprise-grade blockchain deployments

Hyperledger Blockchain Technologies for Business

250+ member companies

16 project codebases

Highly modular technologies

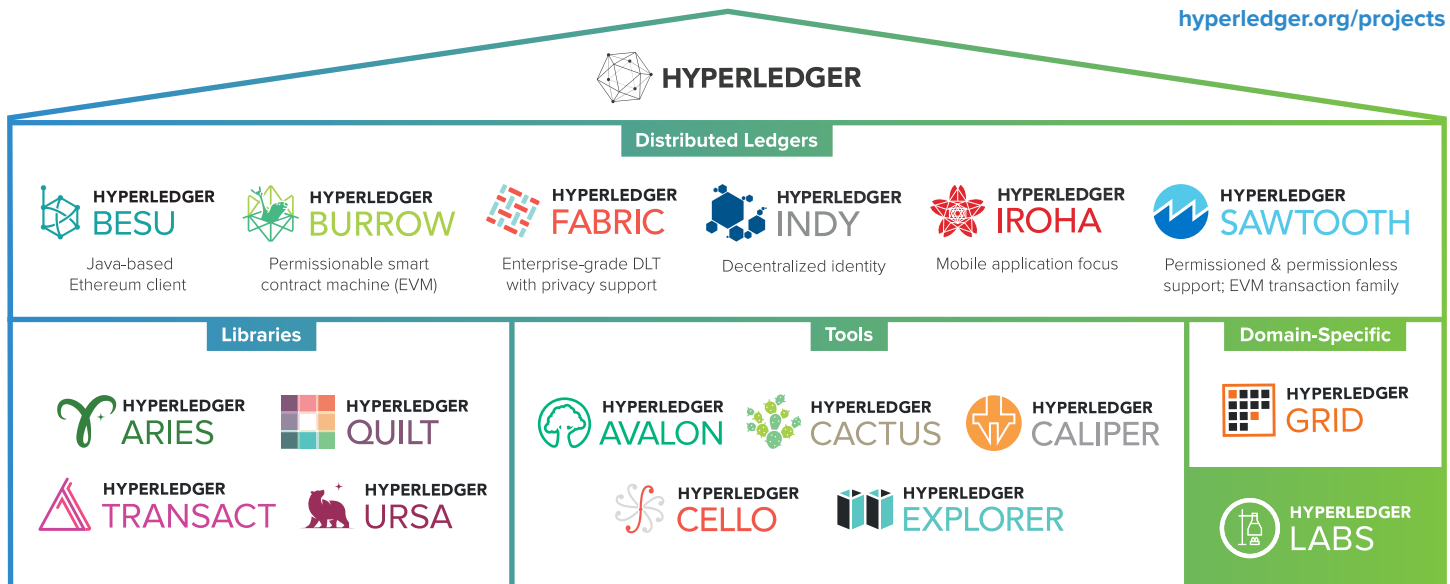

170+ Meetup groups in 76 countries

Open, transparent governance

The Hyperledger Greenhouse

For more detail on the blockchain frameworks and tools hosted in the Hyperledger greenhouse, visit hyperledger.org/projects

Read Our White Papers

An Introduction to Hyperledger | Hyperledger Architecture, Volume 1 & 2 | Hyperledger Blockchain Performance Metrics

Hyperledger Community Resources

All are encouraged to contribute to the development of our open source projects:

- Discover training, white papers, case studies, blockchain showcase, research reports and more at hyperledger.org/resources
- Join a Technical Working Group or Sector Special Interest Group at hyperledger.org/join-a-group
- Learn more about the way we work at wiki.hyperledger.org
- Browse the Hyperledger Vendor Directory of member companies that offer products and services based on Hyperledger technologies at hyperledger.org/resources/vendor-directory
- Subscribe to Hyperledger mailing lists at lists.hyperledger.org
- Join the discussion on Chat at chat.hyperledger.org
- Submit your project built with Hyperledger technology to the Blockchain Showcase at hyperledger.org/resources/blockchain-showcase
- Join the Meetup nearest you at hyperledger.org/meetups or contact us to organize a Hyperledger Meetup in your city via meetup@hyperledger.org
- Search for open bugs or report a new one at jira.hyperledger.org. Report security bugs to security@hyperledger.org.

Learn more ways to make an impact on Hyperledger projects at hyperledger.org/community

Production Case Studies

CHAINYARD

Join the Hyperledger community as a corporate member and...

Contribute to the strength and longevity of a core technology to your business.

Publicly proclaim your leadership in the blockchain space.

Work with other blockchain leaders to develop and promote Hyperledger.

For membership inquiries visit hyperledger.org/members/join or email info@hyperledger.org

"Hyperledger aims to serve as a trusted source of innovative, quality-driven open source, collaborative software development, creating modular, open source components and platforms. The optimal focus of Hyperledger is to advance industry goals of distributed ledger and smart contract technologies. Hyperledger is forging a brand that will be widely seen as the accepted default 'safe' deployment platform for enterprise teams, and be seen as a great home for active collaboration around new technologies. At that point, we can say 'mission accomplished.'" – Hyperledger Executive Director Brian Behlendorf

Premier Members

Hyperledger comprises a diverse community, including more than 250 members, spanning across industries and regions. For the complete member listing, visit hyperledger.org/members
